

## Programme changes for 2021/2

This document summarises changes in programme structures (the modules that will be taught) and assessment.

### Summary of Changes

We'll be continuing to assess students through a combination of coursework and online exams, and specific assessment plans will be available for each module by the start of the module. We will also be reintroducing presentations as an assessment format in a small number of modules. Presentation skills, both online and offline, remain an important employability skill.

We continue to work with the relevant PSRBs to ensure that students will be able to meet accreditation requirements. This may require a small number of time-limited or invigilated exams if this is permitted under government guidance, but if that is not permitted we will continue to assess students via time-limited online exams in these modules as have already been approved.
