

## Programme changes for 2021/2

This document summarises changes in programme structures (the modules that will be taught) and assessment.

Department / School	Music
Programme(s)	MA in Music Education

### Summary of Changes

#### Assessment

In 2020/21 we made some changes to assessments, with practical instrumental or vocal lesson-teaching assessed through video-recording rather than in-person. This was a very successful approach, allowing greater reflection on the material, and we will retain this for everyone in 2021/22. Otherwise, assessments will take place as normal, with the submission of folios of work for assessment.

#### Programme Structures

The programme structure remains unchanged.

##### Departmental Ensembles:

We are dependent upon social-distancing regulations for how face-to-face ensemble music making can operate. However, even under 1m+ all departmental ensembles will be able to run in-person in some configuration, but larger ensembles may need to be split into smaller groupings in order to be accommodated in available spaces.
