

## Programme changes for 2021/2

This document summarises changes in programme structures (the modules that will be taught) and assessment.

Department / School	Theatre, Film, Television and Interactive Media
Programme(s)	BSc in Interactive Media

### Summary of Changes

#### Assessment:

We'll be continuing to assess students through a combination of coursework and online exams, and specific assessment plans will be available for each module by the start of the module.

#### Teaching Structure:

In 2021/22, we will be reverting back to the "pre-Covid" programme structures.

This means that for second years, Media Production for Interactive Environments will move back to term 1 and Web Application Design and Development will move back to term 2. For third years, the Experience Evaluation module will move back to term 1 (as previously communicated during this year's optional module selection process).
