

## Programme change proposals - Health Economics Distance Learning programmes

At York each degree programme has its own, tailored set of distinctive learning outcomes. These won't change, no matter what your location or mode of delivery, and our academics are working hard to ensure your programmes and modules next year continue to inspire and motivate you.

Your health and safety is our number one priority and in light of the Covid-19 pandemic we have needed to make changes to some of your programmes of study for the coming academic year. This document summarises the changes that are proposed.

Programme(s)	<ul style="list-style-type: none"><li>• <a href="#">MSc Economic Evaluation for Health Technology Assessment</a></li><li>• <a href="#">PG Dip Health Economics for Health Care Professionals</a></li><li>• <a href="#">PG Cert Health Economics for Health Care Professionals</a></li></ul>
--------------	---

### Summary of Overall Plans

Because of COVID-19 public health measures, there will be no residential workshops in 2020-21. Workshops will instead be held online.

Also because of COVID-19 public health measures, the University is planning for there to be no closed examinations (i.e. with students physically attending in an exam room) in 2020-21. Closed exams will be replaced by exams that are 'open' (i.e. with access to course materials) and online.

### Programme Structures

We have no plans to change programme structures
